

ZIPPO

Designer

Pedrali R&D

Brand

Pedrali

Features

High back to assist with sound absorption and privacy.
Can be grouped together in pods.

Lead Time

12-14 Weeks

A niche of privacy to escape the open environment, Zippo is the perfect place to hold a meeting, focus on work or talk on the phone. Zippo takes its name from the zips that run along its perimeters to outline the forms.

Zippo is a single or two-seater padded bench designed especially for commercial interiors. The high sides and back provide excellent sound absorption capacity, while the seat is made in fireproof polyurethane. The angle of the backrest offers absolute comfort.

Also available in single seater high and mid back versions, and low back lounge chair.
