

TNK FLEX TASK CHAIR - TEX BACK

Designer
Alegre Design

Brand
Actiu

The TNK Flex chair acts like a second skin. It's flexible back and suspended seat intuitively flexes and shifts to the movement of your body, providing support without the need for complicated manual adjustments. The chair can be adjusted to your fit, with two back heights, seat depth adjustment and optional headrests to provide comfort during long shifts. The back and seat can be upholstered in a wide variety of attractive Actiu textiles designed for style and practicality.
